Hi Jeannie, please see the WORD versions of Hearings 2, 3, and 4 attached. Please be sure to also submit the pdf version of Hearing 2 (Mattituck) to the Corps, as it contains the edits of my detailed review – to avoid duplication of effort. I included again the pdf versions of all three hearings here also for completeness.

That's fine, thanks.

Disregard my last message about word. We will have to make due with this. thanks

Hi Jeannie,

Please see attached the transcripts for Hearings 3 and 4 (Groton). I did only a very cursory review at this point, and will review the transcript in detail over the next 3 days (as I did for the Mattituck transcript). Please review these transcripts as well; I will compile all edits (EPA/USACE/mine) when available, into a single document, which I will then send to the transcriptionist for a revised version.

Thanks,

Bernward

Subject: Transcripts: Mattituck - ready for EPA/USACE review

Hi Jeannie,

Please see attached the Transcript for the Mattituck meeting. I went through it in detail and added my edits in red. I also checked the voice recording for several sentences and paragraphs to make sure the transcribed words match the spoken ones from the meeting. Please review at EPA (and ask the USACE) and add your edits. The version with all edits compiled will then be sent to the Transcriptionist for a revised version.

I expect the Groton transcripts today, and will do an initial review and then send them to you for parallel in-depth review.

The Riverhead transcriptionist is doing some final check; just communicated with her this morning. I hope to have her transcript tomorrow, but are still waiting for her firm confirmation.

Thanks,

Bernward

Great thanks Bernward.

Yes, I agree, I would expect a week turnaround for the review by us and the Corps. Thanks!

Subject: firm date on transcripts

Hi Bernward,

I made a commitment at the public meetings that the transcripts and reports from the meetings would be available on the website within a month and that was including time for review of the draft report.

I am going to issue a press release and need to have a firm date from you on the availability of those reports for upload to our site. I also need a "heads up" so I can let everyone know when to expect to have the report to review since people are taking vacations etc.

Please let me know when EPA will receive a draft to review and if you can, please try to have it no later than MOnday

Thanks, jeannie
